

# IMPACT & COLLATED DRIVER ...TWO GREAT TOOLS IN ONE

Concept's high performance impact driver is supplied with an autofeed system, so converting it to a dedicated collated driver and making it two great tools for the price of one.

This is a 14.4 Volt professional tool which is about 20-25% more powerful than similar impact drivers, plus it has a collated autofeed, suitable for screws 25-50mm. This high specification tool is easy to use and represents **OUTSTANDING VALUE** with real **POWER** and **PERFORMANCE**.

Contact us on 0845 6026 209 for your local stockist or take this into your local supplier and ask them to get details.
