Fixings and Applicators

Value in Quality

CONCEPT **Fixings** Value in Quality

Concept Distribution Limited has been a wholesale supplier of fasteners and fixings in the UK for over 20 years and we have built a reputation for high quality, innovative, reliable and accredited professional fixings.

Our range has grown over the years and is a mixture of unique and standard products with an emphasis on quality and performance. As our range has grown, so have our options regarding packaging and offering customers value for money. Most of our products can be supplied in boxes, tubs or bulk cartons to meet the needs of customers large and small.

We have grown our range with an emphasis on quality and will continue to grow to meet customer needs.

KTX Professional Woodscrews

KTX is our award winning premium brand of professional woodscrews with unique features and benefits for the user. The screw range has grown through the years but the quality and reliability has always remained consistent.

KTX has a special head recess with a **Super TIGHT HOLD®** that makes it very easy to use and avoids damage to the head and screw bit. The **Super TIGHT HOLD®** allows most of the power tool energy to pass to the screw which when combined with the special features on the screw means that KTX can be fitted using less than 50% of the energy of most other screws.

The screws are suited to a wide variety of materials making them very versatile and the combination of **Super TIGHT HOLD®** head and features allow for fast, reliable fixing, making them popular with users. The **Super TIGHT HOLD®** head also allows for quick effective pull out from material.

Suitable for:

- Softwood
- Chipboard
- Composite Materials
- Hardwood
- Plywood
- MDF

Pozi, pozi square, square and KTX compatible

Angled ribs for smooth finish

FREE 50mm KTX bit(s) in all boxes and tubs

Hardened steel

Helical cut for fast entry and debris removal

Concept curved cut works with rotation of screw for quick fixing and debris removal

Additional Features

- 1 Significantly reduced wobbling and slippage
- 2 Significantly reduced splitting
- 3 Deep recess, with reinforced collar
- 4 Lubricated for ease of entry
- 5 25 degree sharp start point
- 6 Ideal for impact drivers
- 7 Salt spray tested to over 400 hours
- 8 No pilot hole or pre-drilling required

KTX Professional Woodscrews

GOLD BOXED

Our most popular screw for internal use. Each box contains a KTX 50mm bit which is ideal for impact drivers and other power-tools and removes the need for a bit holder.

KTX Professional Woodscrews

BRONZE BOXED

A screw developed for external use with a **2000 hours + salt spray tested coating, twice as long as most other decking screws, guaranteed to last a minimum 15 years in timber.**

This screw is ideal for decking and other external uses but can also be used internally. All boxes are accompanied by a free 50mm KTX bit and tubs by 2 x 50mm KTX bits.

The screw colouration and finish blends well with all boards and will not bleed into timber.

STAINLESS STEEL BOXED

A screw made from A2 SS302 stainless steel and suited for both internal and external use and in any environment where there is exposure to moisture.

Each box is accompanied with a 50mm KTX Bit and because the screw has a **Super TIGHT HOLD®** head it leads to less head damage/ attrition caused by a hardened steel bit in a softer stainless steel head recess and with the special features of the screw there is less likelihood of damage to the screw entering the timber.

XR Professional Woodscrews

XR is our standard professional woodscrew made from hardened steel and with a deep pozi head recess.

The screw has a double countersunk reinforced collar with features and benefits that makes the screw versatile in terms of the materials it can be used.

Suitable for:

- Softwood
- Chipboard
- Composite Materials
- Hardwood
- Plywood
- MDF

Deep pozi recess

Ribs for smooth finish

Reinforced double countersunk head

Very sharp start point cutting flute

Significantly reduced splitting in timber

Hardened steel

Thread cut for fast entry and debris removal

Curve thread roller for sizes over 50mm to speed entry

Lubricated

XR Professional Woodscrews

GOLD BOXED

Popular screw for internal use.

DECKING BOXED

A screw developed for external use with a 1000 + salt spray tested coating. This screw is ideal for decking and other external uses but can also be used internally. The screw colouration and finish blends well with all boards and will not bleed into timber.

CHIPPY+ Chipboard Screws

The **CHIPPY+** is a basic chipboard screw made from **C1022 hardened steel** which is unlike other chipboard screws which tend to be manufactured from a cheaper grade of steel. This makes CHIPPY+ a more reliable and better performing basic chipboard screw.

The range of sizes available will be increased to suit customer requirements.

XR Masonry & Concrete Screws

A new range of products for 2023 our Masonry and Concrete screws are manufactured to our usual high quality standards incorporating C1022 hardened steel and with features that enable fast and effective fixing.

Ideal for door and window frames and timber battens and as a replacement for other masonry fixings our Masonry and concrete screws can be used in a variety of materials and our plastic tubs are superior to usual cardboard packaging.

Superior Foam Gun

This is our top of the line foam gun with ample Teflon coating to protect from PU foam debris. Ergonomically designed, with universal adaptor and 2 phase smooth channel flow barrel. Extremely high air tightness provides protection from internal solidification. **This is the ultimate foam gun for professional users with an above the trigger easy flow control.**

Product Code	210012
EAN	5060090690982
Barrel	Teflon coated brass
Needle	Teflon coated stainless steel
Nozzle	Teflon coated brass
Adaptor	Teflon coated aluminium
Non-return Ball	Teflon coated stainless steel
Flow Control	Above trigger easy action adjustable flow control
Min. Operating temp.	-20°C
Weight Each (g)	392
Carton Quantity	20
Pallet Quantity	600

Premium Foam Gun

This is the most popular foam gun with customers and users – an ergonomically designed foam gun with universal adaptor and 2 phase smooth channel flow barrel. Extremely high air tightness provides protection from internal solidification. Teflon coating provides protection from solidification of PU foam debris.

Product Code	210003
EAN	5060090685940
Barrel	Nickel plated brass
Needle	Teflon coated stainless steel
Nozzle	Brass
Adaptor	Teflon coated aluminium
Non-return Ball	Teflon coated stainless steel
Flow Control	Above trigger easy action adjustable flow control
Min. Operating temp.	-20°C
Weight Each (g)	381
Carton Quantity	20
Pallet Quantity	600

Standard Foam Gun

Ergonomically designed foam gun with universal adaptor and smooth channel flow barrel. Extremely high air tightness provides protection from internal solidification.

Product Code	210004
EAN	5060090688453
Barrel	Nickel plated steel
Needle	Brass
Nozzle	Brass
Adaptor	Nickel plated aluminium
Non-return Ball	Stainless steel
Flow Control	Rear action flow control
Min. Operating temp.	-20°C
Weight Each (g)	242
Carton Quantity	20
Pallet Quantity	600

Basic Foam Gun

Ergonomically designed foam gun with universal adaptor and smooth channel flow barrel. Extremely high air tightness provides protection from internal solidification.

Product Code	210002
EAN	5060090698285
Barrel	Nickel plated steel
Needle	Brass
Nozzle	Brass
Adaptor	Plastic
Non-return Ball	Stainless steel
Flow Control	Rear action flow control
Weight Each (g)	230
Carton Quantity	20
Pallet Quantity	600

Extended Foam Guns

60cm and 100cm

Ergonomically designed foam gun for extended reach with universal adaptor and 2 phase smooth channel flow barrel. Extremely high air tightness provides protection from internal solidification. Teflon coating provides protection from solidification of PU foam debris.

	60cm	100cm
Product Code	210015	210016
EAN	5060090690999	5060090691002
Barrel	Nickel plated steel	
Needle	Teflon coated stainless steel	
Nozzle	Brass	
Adaptor	Teflon coated aluminium	
Non-return Ball	Teflon coated stainless steel	
Flow Control	Rear action flow control	
Min. Operating temp.	-20°C	-20°C
Weight Each (g)	471	613

Superpro Caulking Gun

Ergonomically designed and robustly built caulking gun made to a high specification in order to produce 25:1 (4.5Kn) of thrust. **This is the ultimate performer** suitable for cartridges / tubes up to 400ml.

Product Code	210079
EAN	5060090693105
Rotating barrel	
Easy cartridge change	
Steel and aluminium construction	
Precision sintered push plate and coated hardened steel push bar	
Hooked push bar for easy hanging	
Weight Each (g)	800
Carton Quantity	12
Pallet Quantity	600

Non-Drip Caulking Gun

Ergonomically designed caulking gun manufactured to a high quality standard for use with sealants and delivering a 12:1 (2Kn) thrust for cartridges / tubes to 400ml and with push release leading to significantly reduced cartridge leaking.

Product Code	210080
EAN	5060090697912
Rotating barrel	
Easy cartridge change	
Steel and aluminium construction	
Precision sintered push plate and zinc plated steel push bar	
Hooked push bar for easy hanging	
Weight Each (g)	690
Carton Quantity	12
Pallet Quantity	600

Standard Caulking Gun

Ergonomically designed caulking gun manufactured to a high quality standard for use with sealants and delivering a 18:1 (3Kn) thrust for cartridges / tubes to 400ml.

Product Code	210013
EAN	5060090687135
Rotating barrel	
Easy cartridge change	
Steel and aluminium construction	
Precision sintered push plate and zinc plated steel push bar	
Hooked push bar for easy hanging	
Weight Each (g)	690
Carton Quantity	12
Pallet Quantity	600

Skeleton Gun

Ergonomically designed caulking gun manufactured to a high quality standard for use with sealants and delivering a 7:1 (1.2Kn) thrust for cartridges / tubes to 400ml.

Product Code	210001
EAN	5060090685926
Easy cartridge change	
Steel and aluminium construction	
Zinc plated steel push bar	
Hooked push bar for easy hanging	
Weight Each (g)	440
Carton Quantity	24
Pallet Quantity	960

Jumbo Caulking Gun

Ergonomically designed caulking gun manufactured to a high quality standard for use with cartridges / tubes of 900ml and delivering an 18:1 (3Kn) thrust.

Product Code	210014
EAN	5060090685926
Easy cartridge change	
Steel and aluminium construction	
Zinc plated steel push bar	
Hooked push bar for easy hanging	
Weight Each (g)	900
Carton Quantity	6
Pallet Quantity	480

Resin Gun

Ergonomically designed and robustly built dual action resin gun made to a high specification in order to produce 25:1 (4.5Kn) of thrust. **This is the ultimate performer** suitable for resin cartridges 380ml to 400ml.

Product Code	210076
EAN	5060090692009
Coaxial push bars	
Easy cartridge change	
Heavy duty steel and aluminium construction	
Precision sintered push plate and coated steel push bar	
Weight Each (g)	1120
Carton Quantity	12
Pallet Quantity	600

Combi

Foil Gun 310ml and 410ml

Ergonomically designed caulking gun manufactured to a high quality standard for use with tubes and foils to 400ml and delivering a 18:1 (3Kn).

Product Code	210028
EAN	5060090691019
Rotating Barrel	
Steel and aluminium construction	
Brushed aluminium barrel	
Zinc plated steel push bar	
Weight Each (g)	710
Carton Quantity	12
Pallet Quantity	600

Nozzles can be bought separately

Combi

Foil Gun 600ml

Ergonomically designed caulking gun manufactured to a high quality standard for use with tubes and foils to 600ml and delivering a 18:1 (3Kn).

Product Code	210069
EAN	5060090691026
Rotating barrel	
Steel and aluminium construction	
Brushed aluminium barrel	
Zinc plated steel push bar	
Weight Each (g)	800
Carton Quantity	12
Pallet Quantity	480

Premium Pointing and Grouting Gun

Ergonomically designed gun manufactured to a high quality standard for use with mortar and grout delivering a 12:1 (2Kn) thrust. Contains gun, 2 tubes, 2 pointing nozzles, 2 grouting nozzles, 2 plungers and pointing tool.

Product Code	210018
EAN	5060090687289
Easy tube change	
Steel and aluminium construction	
Precision sintered push plate and coated steel push bar	
Hooked push bar for easy hanging	
Weight Each (g)	2070
Carton Quantity	6
Pallet Quantity	120

Nozzles can be bought separately

Standard Pointing and Grouting Gun

Ergonomically designed gun manufactured to a high quality standard for use with mortar and grout delivering a 12:1 (2Kn) thrust.

Product Code	210019
EAN	5060090690968
Easy tube change	
Steel and aluminium construction	
Precision sintered push plate and coated steel push bar	
Hooked push bar for easy hanging	
Weight Each (g)	1450
Carton Quantity	6
Pallet Quantity	120

Own Branding

Concept offers options to customers for own branded products based upon certain MOQ's and delivery direct to storage facilities or to hold stock based upon call off orders.

We can offer a wide range of products to suit customer requirements, all manufactured to the highest accredited standards. We also work with customers to develop customer specific products that are unique to their needs.

There are various packaging, colour, and branding options available as we work with our customers to present marketable products. Usually for one off orders we work on a MOQ of 2000 units but if multiple products are taken we can work on a smaller MOQ as we try to work flexibly with customer needs.

We have excellent working relationships with our own branded customers and have built a good reputation based on quality.

All enquiries relating to own branding should be directed as below:
